OFFICIAL U. S. NAVY PHOTO

UNUSUAL ROLE -- Lowell Thomas (back row, center) officiates as King Neptune during ceremonies initiating "polywogs" (first-time crossers of the Equator) into "shellbacks" aboard USS Point Defiance, which carried him and 32 world-famed American scientists to remote Puka Puka, or Danger Island, in the South Seas for one of the most important projects of the International Geophysical Year. Colorful, exciting activities on the island are main feature of the third installment of "High Adventure with Lowell Thomas" coming to TV screens in full color over the CBS network Monday, January 19th, from 10:00 to 11:00 p.m., EST. "High Adventure with Lowell Thomas" is sponsored by the United Motors System and Delco-Remy Division of General Motors.
